

# Austin Strobel

## Technical Product Manager

## EXPERIENCE

### Technical Product Manager

MK Decision | San Diego, CA (July 2019 - Present)

- Spearhead projects that include but are not limited to documenting internal and external processes and creating internal software
- Onboard, account manage, and provide support for up to 12 multi-billion dollar clients at once
- Manage a team of developers for internal and client-based projects
- Implement and monitor Google Analytics for all products
- Lead the software engineering intern program: conduct interviews, onboard, and mentor 4 interns at once throughout the program
- Data map and program a backend database for several products

### English as a Second Language Teacher

BEDA Escuelas Catolicas | Madrid, Spain (August 2017 - June 2019)

- Bridged the language barrier by using bilingual skills
- Taught ages 4-17, approximately 25 children per class
- Created lesson plans that incorporated various speaking, reading, writing, and listening exercises
- Collaborated with teachers of different cultural backgrounds
